PROJECT NEWS

- **A Town Council Update was held on January 17th.** The Building Committee, along with their consultant from Harriman, Lisa Sawin, met with the Council to update them on the need for the project, progress on the New vs. Renovation study, preliminary concept site and building plans for a new building (see below), and preliminary ROM cost estimates.
- **Community Forum #3: Project Update was held January 25th.** Attendees were updated on some of the outcomes of the New vs. Renovation Analysis, preliminary concept site and building designs for a new building, and preliminary cost estimates, followed by a robust Q&A. The presentation is available on the project website, and meeting minutes will be available shortly (located under the *Meetings* tab, then click the button to view *Forum #3 Materials*).
